Profile

Born and raised in Taipei, Taiwan, Justin is a passionate and creative theatre practitioner specialising in lighting. With comprehensive training in both creative and technical aspects of theatre, he is highly skilled in lighting design, programming and technology, and has considerable experience collaborating with diverse theatre teams.

Justin excels in applying a logical approach to analysing the relationship between light and the stage, striving to enhance the interaction between lighting, performers, and audiences in his work. He creates visually compelling and intriguing designs through extensive research and his creative vision. Justin also possesses extensive theatre lighting technical experience, having worked widely as a Chief Electrician and Programmer, as well as undertaking re-lighting on touring productions.
